

### IT CONSUMABLES PRODUCT PORTFOLIO

Datapac has been serving the IT needs of Irish organisations for over 25 years. During this time we have become Ireland's leading distributor of IT consumables; supplying original products to the corporate sector, public sector, resellers, retail sectors, and directly to the consumer.

The company enjoys excellent relationships with all of the leading manufacturers of IT consumables including *HP, Epson, Oki, Lexmark, Brother and Canon*. We offer nationwide service to a broad customer set ranging from Government bodies, semi-state organisations, educational establishments, through to multinational companies and small to medium sized enterprises.

Our main distribution centre, houses in excess of 4000 electronic office-supply products. Datapac can offer customers the most competitive prices in the country and provides free next-day delivery throughout Ireland. As Datapac deal directly with a large number of hardware manufacturers and distributors, we always have up to date information on all current and future ranges.
